The 2013 Syrah Adams Ranch Vineyard and 2013 Vineyard Drive A Rhone Blend of 45% Syrah, 30% Mourvedre, 25% Grenache sourced from the James Berry Vineyard and the Messina Vineyard.

Ledge is owned by Templeton native Mark Adams and his wife Ciera. They live on the estate he grew up on where he is now growing Rhone varietals. A childhood friend of Justin Smith, Mark began his career among the vines at James Berry Vineyard and in the cellar at Saxum. In 2003, Mark returned to the ranch and soon after planted the first block of what would become the Ledge Estate, a flat, 40 acre property at 1230' elevation on the west side of the Willow Creek District, composed of sandy loam, rolled sandstones and clay. Ledge sources fruit from several premium west side wineries including James Berry Vineyard, G2 Vineyard, Dante Dusi Vineyard and the Rolph Family Vineyard. Ledge wines have carved out a reputation for being uniquely elegant and some would say old-world in nature.

211. Everything Grows and Grows

Babies do. Animals too. Everything Grows. Every home needs a wall or a growth chart to mark everyone’s height through the years. This one is a keepsake for sure. Every primary student in preschool and kindergarten made a drawing that was transferred to clay, fired, glazed and fired again. Jim Black made the beautiful board with space to inlay the precious tiles. Bid this one up, then proudly take it home, measure and mark everyone and get this family heirloom started!

Priceless! Donated by Preschool, Kindergarten & Jim Black

This happy group of classmates will have a night to remember... dinner, movie, popcorn, dancing? Breakfast in the morning... A favorite Mamas and Papas song for you Mamas and Papas! Our youngest students put alphabet macaroni into a clay cloud to spell out the words to this sweet lullaby.

**"Stars shining bright above you
Night breezes seem to whisper "I love you"
Birds singing in the sycamore trees
Dream a little dream of me..."**

Then each Toddler cut a star out of clay, stamped it with textures and their name. They helped string this delightful mobile together with sparkling beads and now it is ready for you to take it home where the stars will be "shining right above them"!

Guests to this dinner will learn how each pasta is made and learn about the history and food traditions of each region. A pasta dinner will follow with wine paired from Giornata and Italy appropriate with each pasta course. 218. The Hardest Succulents EVER (unless you drop them)

Too much sun? Too much frost? No water? NO WORRIES! These 29 succulents will ALWAYS look this good! Each of our Lower Elementary students chose a succulent they wanted to learn to make out of clay. Some were cut, some rolled, some sculpted! Each piece was fired then glazed according to the colors that each student studied in the photo of their chosen succulent.

Finally, a custom, made-to-order, concrete planter was crafted by Jason Norman, Christina's husband and Harper's daddy. The result is stunning and will brighten up any home. A conversation piece and a work of art.

Priceless! Donated by Lower Elementary Class & Jason Norman

Mark Adams is a Templeton native whose bands have included One Time Spaceman, Rancho Deluxe and the Mark Adams band. His current band has developed a massive, crowd pleasing repertoire of covers and originals which seamlessly blend classic Americana with scorching improvisational jams, pocket psychedelic grooves, riff-based blues and rollicking outlaw country. Glowing references are the owners of dozens of wineries, Radio Professionals and events planners. He currently has three songs in regular rotation on 92.5 Krush FM including the single "Bobby Fox", and the newest single on KCBX "Where's My Town Now."

Guaranteed dancing.

Keeping with our auction tradition, each class made a silk scarf this year. This year, the preschoolers outdid themselves. There is nothing more charming than a preschooler's drawing of a star. This scarf shines 34 bright stars, with teacher Tori as the moon! Beautiful to hang on a wall, ceiling or definitely to wear proudly! Bid it up, Primary parents.

223. Latrunculorum Tabula (Chess Board in Latin)

Since chess is the game of choice around Children's House, we figured it was time to make our own chess board! Each of the Upper El students chose their favorite playing piece to craft out of clay. These whimsical pieces are based on geometric solids, the students learned how to form these solids out of clay, transforming them into a king, queen, bishop, rook, knight or pawn. The result is an heirloom, a work of art you will cherish always.

Priceless!
