Summer 2024
For 3, 4 and 5 Year Old Children
June 17-August 9
9:00-1:00

SESSION 1:

June 17 - June 28

EXPLORE THE OCEAN

with Jennifer Clark &
Christina Norman

Join us for some summer fun while we explore the ocean. We will have fun learning about some of the many marine animals that live in the sea, including whales, sharks, and dolphins and we will each discover our favorite fish. We will also include some ocean art and special projects. This session will be filled with friends, fish and fun!

SESSION 2:

July 1 - July 12

EXPLORING INSECTS

with Tori Bacigalupo &
Jennifer Clark

Come join us as we explore the wonderful world of insects! Where do spiders live? What do ladybugs eat? How do bees spend their days? We will learn fun facts, practice insect activities and make some beautiful insect art. Let's explore the world of bugs!

SESSION 3:

July 15 - July 26

HANDS ON SCIENCE

with Tori Bacigalupo & Valentina Azzani

Let's experiment together! During these two weeks children will have the opportunity to learn about science through hands-on activities and experiments.

Our experiments will be exciting and colorful as we watch water travel, discover magnetic interactions, and see some colorful chemical reactions take place in our "magical milk" experiment!

SESSION 4:

July 29- August 9

SUMMER OLYMPICS

with Tori Bacigalupo
and Christina Norman

This summer session will be filled with everything that is the Summer Olympics! We will learn about the various competitions and we will dive into some of the countries being represented this year. As we focus on the major events taking place during the session, we will make flags for the competing nations and go out and practice the skills that pertain to those sports. This will surely be a fun combination of geography and outside play.
